Rumpe moras, rumpe silentium; Sursum leva jam supercilium, Et dic: Deus in adjutorium. Jam festa dies.

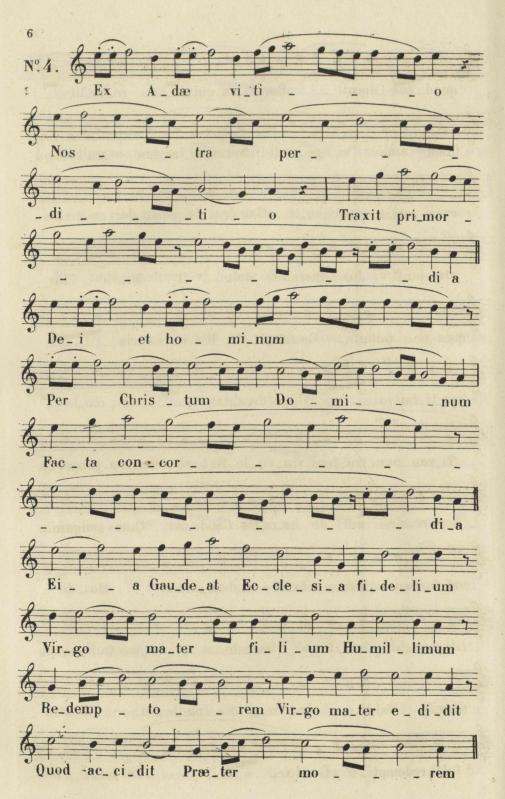

Et doloris remedium, Festina in auxilium In te, Christe, credentium Miserearis omnium, In saeculorum saecula Qui es Deus per saecula Christus in nostrâ patriâ Quae vocetur nomenia, Ostensus est hominibus Maximis, mirabilibus Ut chorus noster psallere, Et laudes possit dicere, Tibi, Christe, rex gloriæ Gloria tibi, Domine.

R. 2)

Venit enim liberare gentium origines
Quas per primam sibi matrem subjugarant dæmones
Hic est Adam qui secundus per prophetam dicitur
Hic pependit ut cœlesti patriœ nos redderet
Per quem scelus primi Adae a nobis diluitur
Ac de parte inimici liberos nos traheret
Venit sponsus qui nostrorum scelerum piacula
Morte lavit aque crucis sustulit patibula
